# ***Online Game Shop Project Plan***

## NOTES

We have eliminated the UC 8 as we think is no longer needed for the development of this application.

## PHASE PLAN

We think this project could be done in 4 iterations, as is indicated below.

The project should start the 22/01/2018 and should be finished the 31/03/2018.

### 1st Iteration:

UC 14 Customer or Administrator logs into the system

UC 4 Administrator displays pending customer order

UC 7 Customer adds an item to the cart

UC 15 Customer checks out

UC 23 Administrator accepts a customer order

UC 24 Administrator cancels a customer order

### 2nd Iteration:

UC 5 Administrator processes returns

UC 9 Customer reviews and rates a product

UC 16 Customer updates its account details

UC 18 Customer accesses history of items bought/rented (and returned)

UC 19 Customer accesses a list of currently rented items

UC 21 Customer adds to cart an item already rented

### 3rd Iteration:

UC 1 Administrator adds new stock item

UC 4 Administrator displays pending customer order

UC 6 Administrator deletes scrapped stock

UC 17 Administrator updates its account details

UC 20 Administrator downloads stock report

UC 22 Administrator updates the number of copies of an item in stock

### 4th Iteration:

UC 3 Administrator downloads default sales/rents reports for finance purposes

UC 26 Customer renews rental of a game

UC 2 Application automatically notifies customers about due rentings by e-mail

UC 13 Customer registers to the system

UC 11 Customer browses the catalogue of products

UC 10 Customer searches for a specific product

UC 12 Administrator registers to the system
